

The Last Stand

5th-9th September

Moora Performing Arts Centre

Open daily Wed-Sun 10-5pm (Sun 9th 10-2pm)

Highlighting the wonders & woes of wheatbelt wildflower country

A free to attend community awareness event

The Last Stand is a community information event to raise awareness of the Midwest natural environment between Calingiri & Carnamah. It is uniquely wondrous and a drawcard for eco-tourists, but its future is severely threatened. If you're a nature lover, or just curious to find out more about the WA natural environment around you, then please coming along to this free event.

There will be a static information display open to view for the 5 days plus interactive exhibits including bush foods and 'The Tree of Life'
