About Us

The Moore Catchment Council (MCC) is a not-for-profit organisation focussing on the protection and enhancement of the Moore River and its catchment.

MCC has a 15 year track record of attracting natural resource management grants and successfully completing projects that improve the Moore River catchment.

The immerse diversity of the catchment is reflected in Moore River's Industries.

The Moore River rises in the old geological zone of the Yilgarn Craton, crossing the Swan Coastal plain and discharges to the ocean at Guilderton

Industries of the Moore River Catchment include:

- Broad acre agriculture
- Fishing
- Mining
- Sea & Tree change lifestyles
- Horticulture and viticulture
- Eco and Heritage Tourism
- Holiday destination

Moore Catchment Council works in Collaboration with but not limited to:
Koojan-Gillingarra LCDC, Moora-Miling Pasture Improvement Group, Yued Working Group, Gingin Water Group, Lower Moore River Working Group, Ledge Point Coastcare Group, Waddi Forrest LCDC Cockies for Landcare, Yerecoin-Piawaning LCDC North Central Malleefowl Preservation Group, Friends of the Moora Woodlands Kerkhoff Carnaby Group, Friends of the Moore River Estuary, Guilderton Community Association, Liebe Group

How we make a difference

The MCC has attracted over $4 million in state and Federal grant funds since 2000, all of which have been successfully completed and acquitted. MCC deliver projects which promote sustainable agriculture and ecological conservation within the Moore Catchment including projects that focus on:

- Coastal rehabilitation & signage
- Native bush & River conservation and restoration
- Brushwood for fencing industry
- Wind Erosion amelioration
- Saline land reclamation using saltbush
- Mallee Fowl conservation
- Birds as biodiversity health indicators
- Revegetation of native vegetation
- Carnaby's Black Cockatoo conservation
- Aboriginal participation & Engagement
